Lent Week 1, Year B

Mark 1

March 5, 2006

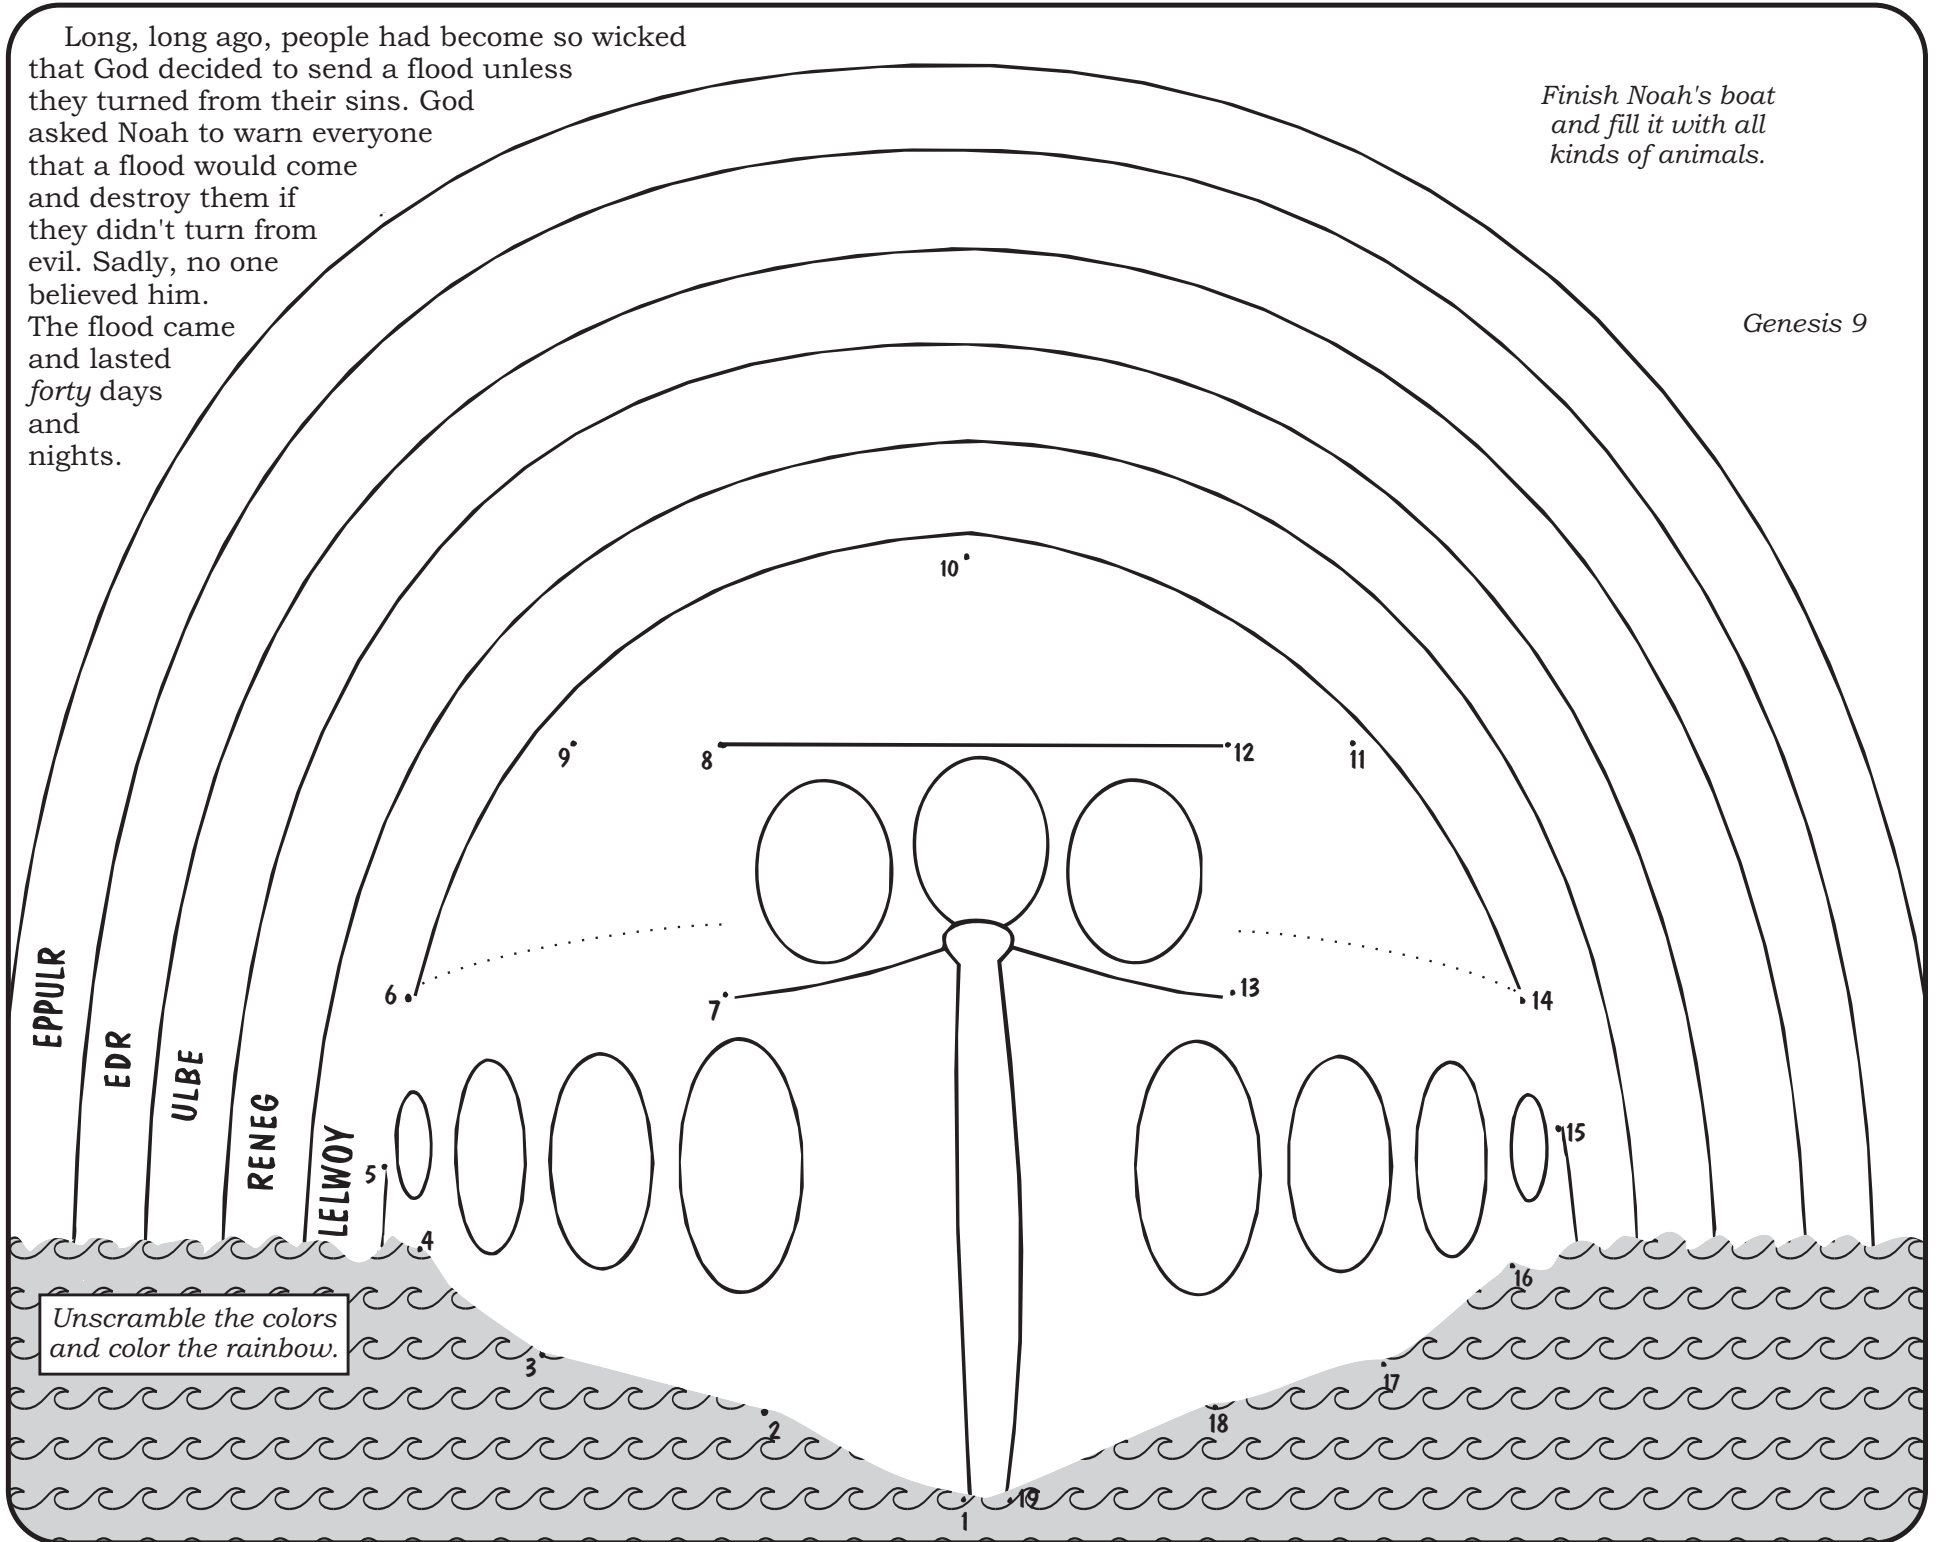

The Spirit led Jesus into the wilderness to be tested for _____ days. We have just entered the season of *Lent*, a time when many new Christians are preparing for baptism at Easter. The word "Lent" means spring. Lent is a season for us to think about our lives and the things we need to change. Lent lasts for _____ days because that is how long Jesus was tested in the wilderness. Also, God's people were tested for _____ years in the wilderness after God freed them from Egypt. There are other _____ day or year periods in the Bible. Can you think of one?

Add the numbers in the rocks. The sum goes in all the blanks.

Long, long ago, people had become so wicked that God decided to send a flood unless they turned from their sins. God asked Noah to warn everyone that a flood would come and destroy them if they didn't turn from evil. Sadly, no one believed him. The flood came and lasted *forty* days and nights.

Finish Noah's boat and fill it with all kinds of animals.
