

I There are some things we must not do simply because they are *wrong*. If God has told us that something is wrong, or a sin, it is better to believe him than to do that thing and find out for ourselves. If we do, we'll discover that doing wrong leads to unhappiness for us and for others, if we hurt them.

When we do wrong things (and everyone does) we have only to be honest with ourselves and God about it and he will always forgive us. If our actions have hurt others, we should ask their forgiveness too. God's love and forgiveness makes us want to do better, become better and more loving people.

Genesis 3

These two people are hiding. Do you know who they are?
Do you know whv they are hiding?

Can you find them?

Adam and Eve lived in a wonderful garden that God made just for them. They had everything they needed, and only one rule to obey: "Don't eat the fruit on just this one tree," God warned them, "or the life you enjoy here will end."

Adam and Eve were tempted and decided to disobey God's rule. After they ate the fruit, God sent them out of the garden he had made for them. God still loved and looked after them, but life was much harder on the outside.
