Luke 5

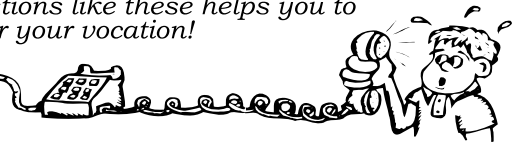

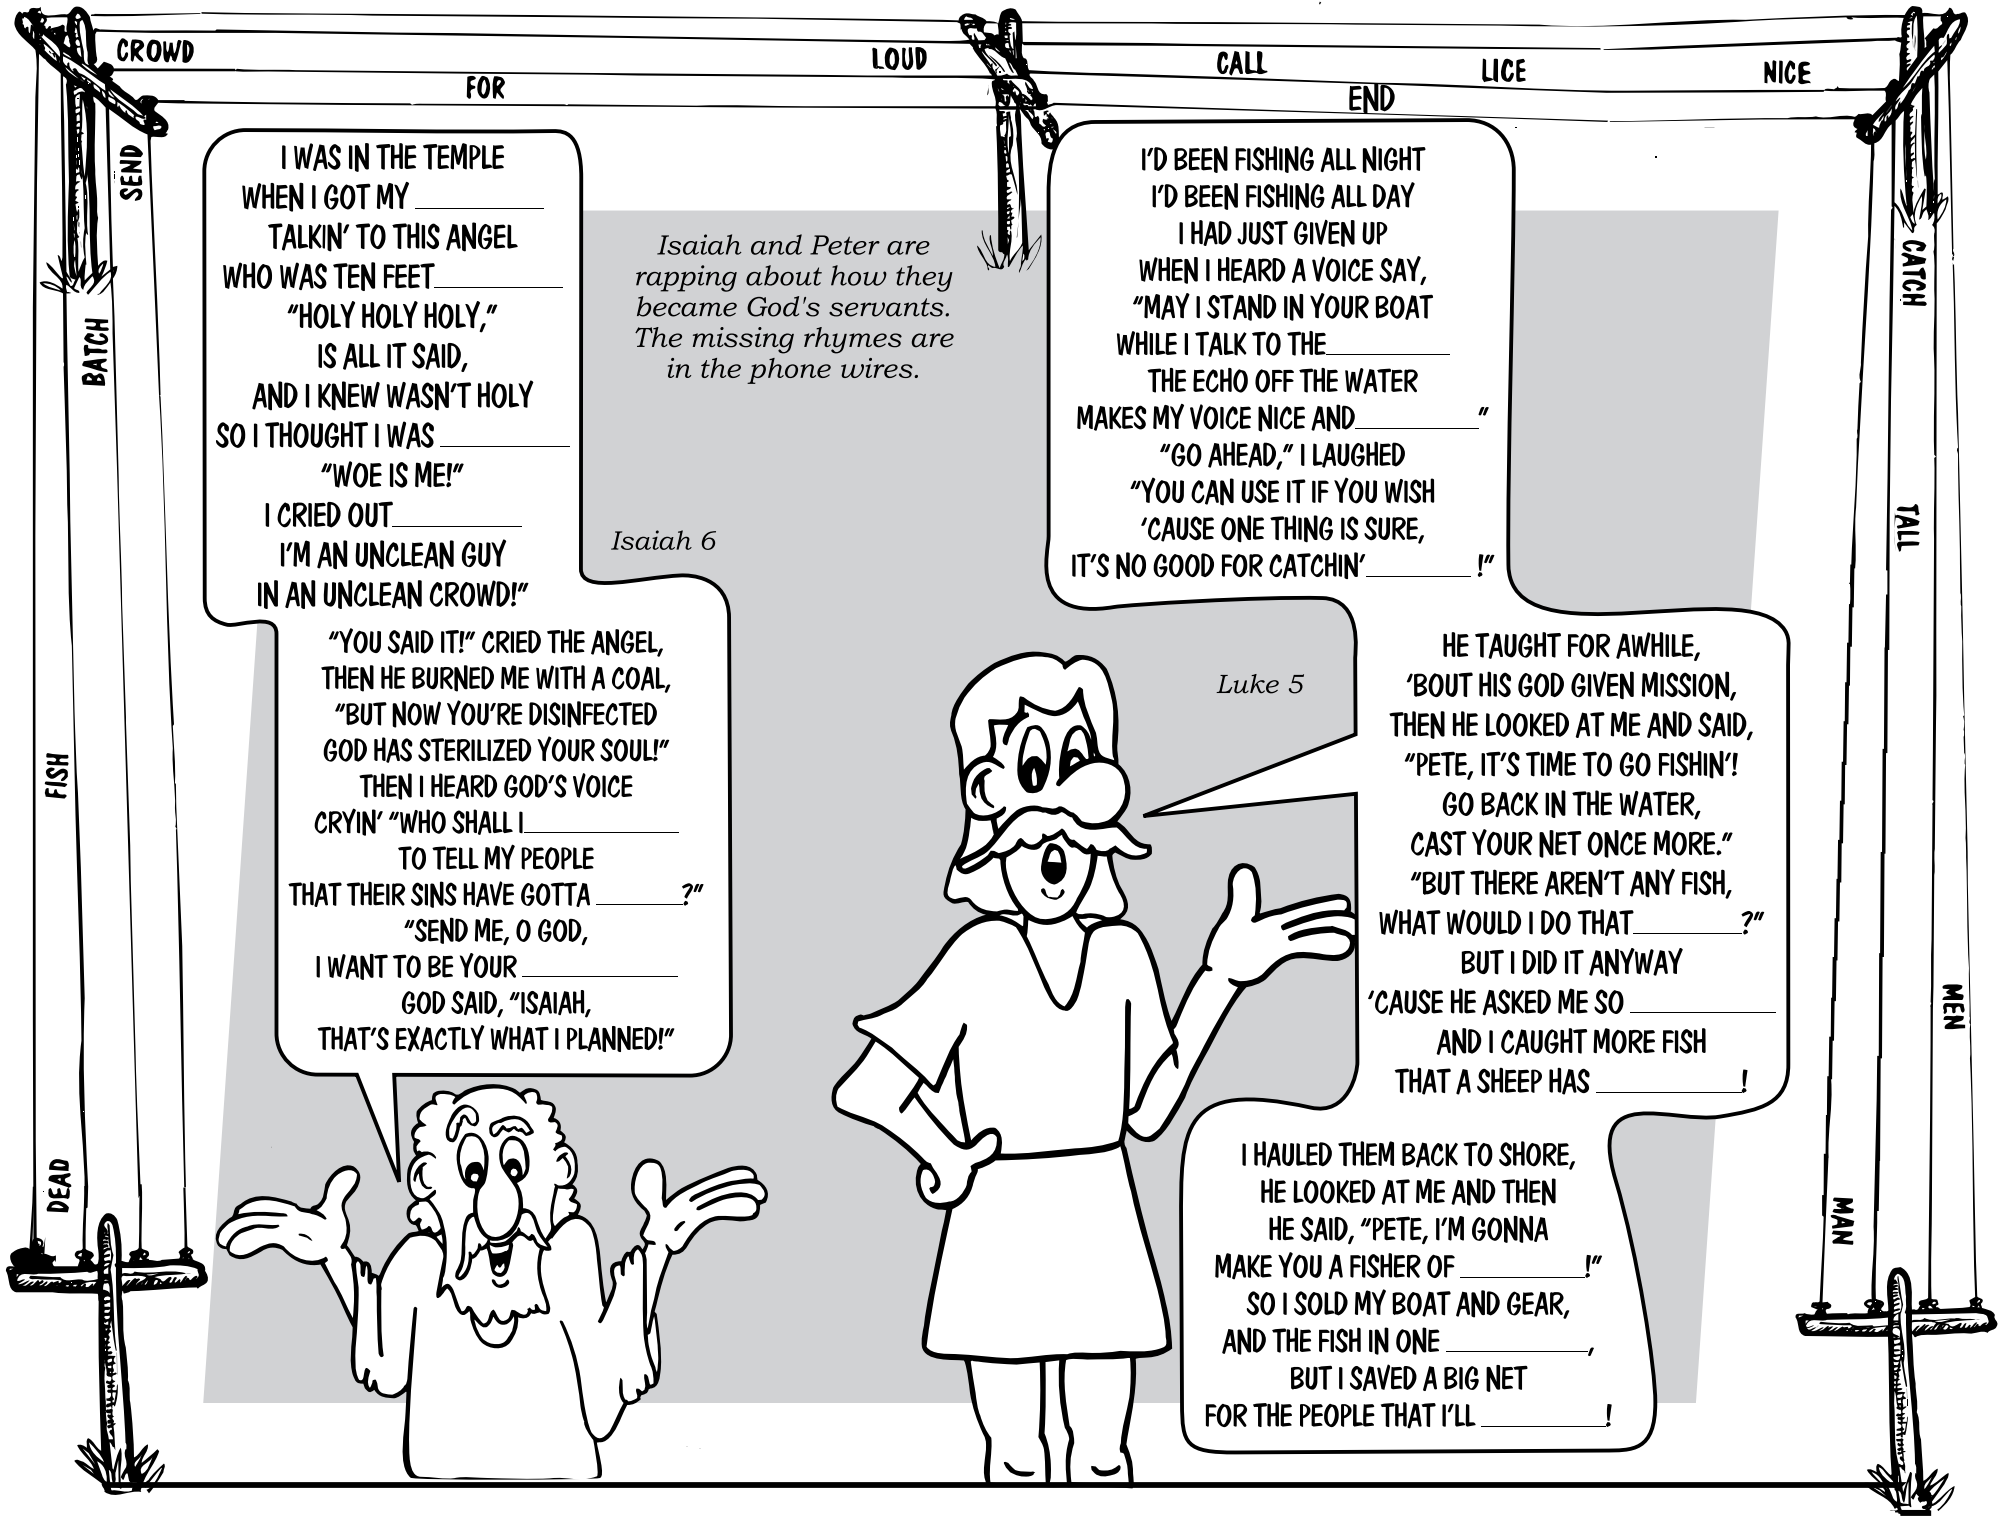

God is calling you. Have you ever heard the word *vocation*? It means "calling." Your vocations are the things God is calling you to be and do. You may already know what God is calling you to do, or it may take many years to find out; but always remember that God has given you natural abilities and gifts that he wants you to use and develop to bless you life and the lives of others.

1. Make a list of some things you love to do.
2. List a few things other people say you do well.
3. What are some things you might like to do when you grow up?

Thinking about questions like these helps you to discover your vocation!
