Mark 13

Can you find "hope" hidden 15 times and "faith" hidden eight times in this picture?

Sometimes terrible things happen. There are evils in the world that touch our lives: sickness, death, family troubles, war, cruelty, accidents, and others. How do we keep going when these things happen?

Through hope and faith--faith that we have a God who, even when we can't understand what's happening, loves us; and the hope that God always has a loving future planned for us.

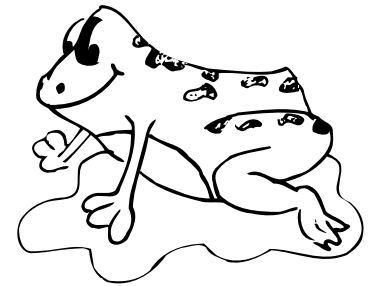

Can you fill in the correct missing letters?
