Mark 2:23-3:6

God made the heavens
and the earth in six
days, the Bible tells us . . .

Finish our world and moon. Draw oceans, land and craters on the moon.

. . .and rested on the seventh day.

What do you think it means, that "God rested"?

How would God rest?

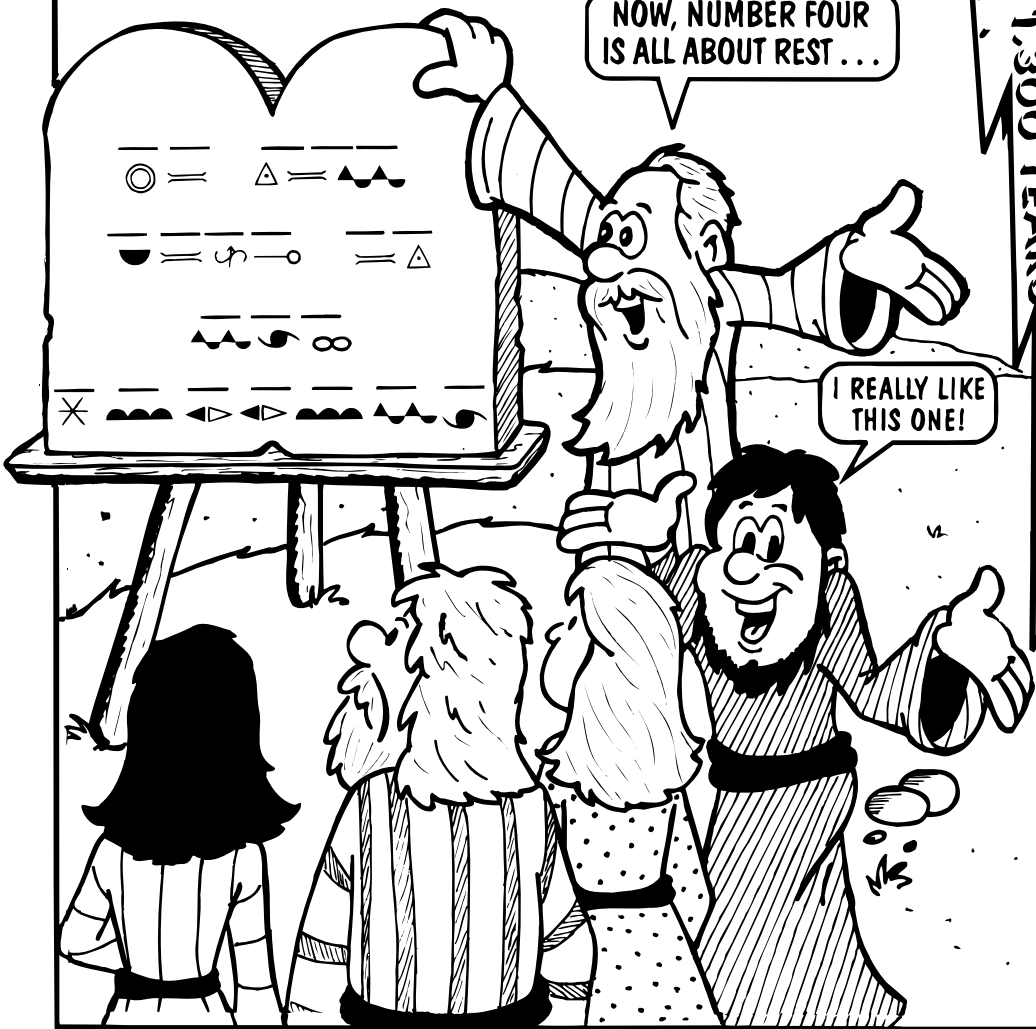

Moses taught God's people the laws that God had given him on the mountain. Six days we should work, says the fourth commandment, and one day we should rest.

Code Breaker:

NOW, NUMBER FOUR IS ALL ABOUT REST ...

I REALLY LIKE THIS ONE!

TIME WARP ... 1,300 YEARS

The day of rest is called the Sabbath. It lasts from sundown on Friday until sundown Saturday. No work was to be done during this time. Over the years, people added many rules for that day to help people understand what things were work and what things were not. Over time, the rules got harder to keep and remember. Jesus tried to tell them what God really meant by the rule ...

JESUS, YOU CAN'T PICK FOOD ON THE SABBATH! IT'S A SIN!

GOD GAVE US A DAY OF REST, NOT A DAY TO KEEP LOTS OF UNNECESSARY RULES.

Does your family have one day set aside in which you do nothing but rest? What kind of rest or recreation do you enjoy? God wants us to give our minds and bodies rest, one day a week.
