We can be like that bush, when God lives inside of us the way he burned within the bush. Even though the bush was burning it didn't burn up--it was still a bush; in fact, it was a *unique* (only one like it) bush. When God lives in us, we are still ourselves; in fact, we become the unique people he means us to be. Do you want to be one-of-a-kind?

Below, is a symbol of the Holy Trinity. (A *symbol* is something that is used to remind us of something else.) This symbol is called a *triquetra* (try-*kay*-tra).

Christians believe that there is only one God; but that this One God lives as three persons in perfect unity, love and fellowship. We call these persons the Father, the Son and the Holy Spirit.

Why do you think the *triquetra* is a symbol of God? Do you think it's a good one?

Unscramble the words in the triquetra then fill in the blanks, below, with the correct words. DDDYA NOS **GUHDATRE** \odot DHCIL Everyone who is led by the You are not a slave, but a ♣ OR © When you call God \bigcirc , it is your spirit knowing along with God's
